

ComEd® Energy Efficiency Program

Passive Building Pathway:

BUILDER CERTIFICATION TRAINING

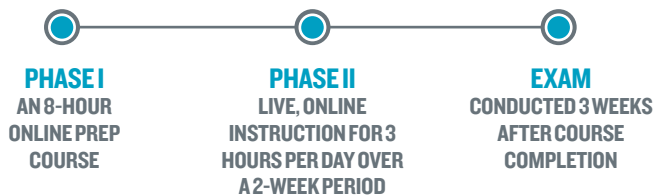

The ComEd® Energy Efficiency Program is offering enhanced incentives and training support to affordable housing developers pursuing Phius certification. (Note: this certification was previously known as Passive Housing Institute US or PHIUS+ certification).

What are Passive Building Projects?

Passive Building Pathway projects use simple design principles to reduce heating and cooling loads up to 60% while supporting superior indoor air quality.

Builder Certification Required

To qualify for the enhanced incentives from ComEd, one of the design/construction team members must be a certified passive house builder (CPHB). ComEd will reimburse **\$1,000** in training costs for builders who obtain CPHB certification. Training elements include:

Training dates and scheduling information is available at [Phius.org](https://www.phius.org).

REQUIREMENTS

- **Obtain CPHB certification** prior to construction start as prerequisite to pre-construction incentive
- **Complete and return** the qualifying exam
- **Achieve passing grade of 75%** or above
- **Submit training receipts** and a copy of CPHB certification to BusinessEE@ComEd.com to receive reimbursement

ComEd, in its sole discretion, may change any of the terms and/or conditions of this offering upon 30 days written notice to the customer and/or service provider. The AHNC team (comprised of ComEd, its gas utility partners, and the program implementation contractor) does not guarantee that certain energy savings will be achieved and does not make any warranties associated with the measures eligible for incentives under this offering. The AHNC team has no obligations regarding, and does not endorse or guarantee, any claims, promises, representations, or work made or performed, or equipment furnished or installed by any contractors, subcontractors, or vendors that sell or install energy efficiency measures. Terms and conditions apply. Offers are subject to change.

Actual savings will vary by customer's energy usage and rate.
